

DIXON EVENING TELEGRAPH.

OFFICIAL PAPER OF THE CITY OF DIXON BY ACT OF CITY COUNCIL

elegraph Sixtieth Year

ROOSEVELT ADDRESSED BIG CROWD HERE TODAY

RAIN AND DELAYED TRAIN DID NOT STOP POPULAR DEMONSTRATION.

HIS REMARKS WERE BRIEF

Stated His Platform and Promised Acquiescence if Defeated by the People.

Between 800 and 1000 people, many of them women, greeted Theodore Roosevelt at the south side I. C. station at 2:10 this afternoon and all were disappointed that the distinguished candidate for the presidency was forced to cut his remarks short, because of his delay in leaving Freeport.

As the special train, which was over an hour late, drew into the depot the crowd surged around the rear platform where stood "Teddy" wreathed in his famous smile. He was introduced by Col. Dewey, his state campaign manager, as the "next president of the United States," and immediately plunged into his remarks.

Will Have Something to Say.

Mr. Roosevelt probably did not speak over two minutes. He started with his usual compliments to mothers and babies, and then got down to issues of the campaign. Said he:

I believe in a revival of government as outlined by Lincoln, of the people and by the people. If conditions in this country are not made good for all of us, they will not be good for any of us, and we must have a government that represents both you and me. We must apply the spirit of 1861-65 in this campaign.

On that platform I seek the nomination. If the people do not agree with me and defeat me, I will have nothing to say, but if the bosses defeat me, regardless of the people I will have a great deal to say.

Train Pulled Out—Cheers.

Before Col. Roosevelt completed his remarks the train started to pull out and the crowd burst into cheers which continued until he stopped waving his hand and smiling and re-entered the car.

Delay Lessened Crowd.

The fact that the train was over an hour late lessened the crowd greatly, as many left to attend to business affairs before the train arrived. The threatening rain also drove many away. Rain started to fall before the candidate completed his remarks and as the train pulled out a downpour drenched all the auditors.

Old Lang Syne.

As the train pulled in a cornet play, stationed on a box car nearby, played, "Should Old Acquaintance Be Forgot" and the significance of the air was quickly appreciated by the crowd.

A delegation of at least 60 prominent Sterlings were present and there were many people from every nearby town. It was noticeable that there were many women in the crowd.

STRANDED IN MEXICO

Many Americans in Mexico in Absolute Want.

Red Cross Sends \$1,500 to Their Relief—Rebels Have Again Captured Parral.

Washington, April 6.—There are 211 Americans stranded, some of them in absolute want, in Vera Cruz, on the east coast of Mexico, in Mazatlan, on the west coast, and in Manzanillo, in the interior of the state of Jalisco.

The American Red Cross has dispatched \$1,500 to the American consuls in those places to aid in their relief. The Red Cross says it probably will be necessary to issue a national appeal for aid.

Jiminez, Mex., April 6.—Parral has fallen into the hands of the rebels. The numbers of the enemy which looked so large to General Campa in the hour of his defeat proved to be a force of only 700.

They escaped, leaving behind them a rapid fire gun and a mortar, previously captured from the Liberals.

It developed that Generals Villa and Urbina, the federal commanders, fought alone on Tuesday when they routed Campa.

They are believed to have retreated to Mapimi, where the main federal forces are said to be mobilizing.

El Paso, Tex., April 6.—The Corralitos bridge on the Mexican & Northwestern railway, which spans the Rio Grande between Juarez and El Paso, has been blown up by dynamite.

CARD PLAYING DENOUNCED

New York Medical Journal Declares Pastime Injurious to Mind.

New York, April 6.—Card playing is denounced in the current number of the New York Medical Journal as a "pure and simple mental dissipation, which grows upon the victim like other dissipations, to the eventual exclusion of logical and close thinking." The editorial is called forth by the report that a certain church is to relax its discipline so far as to countenance dancing and card playing among its parishioners.

ALLEN COMES FOR FOOD

Clansman Seen in Mountains—Sheriff on Trail With Bloodhounds.

Mount Airy, N. C., April 6.—Sidney Allen, one of the outlaws hunted by the Virginia authorities in connection with the Hillsville courthouse assassinations, was seen again in the mountains twelve miles from this city. Sheriff C. H. Haynes of Surry county, with detectives and bloodhounds, started on the trail. "Shug" Smith, a reputable resident of the mountains, telephoned to Sheriff Haynes that Allen was at his home for food.

FIXES EIGHT HOURS AS DAY

Bill Limiting Labor on U. S. Work is Favored by Senate Committee.

Washington, April 6.—The bill limiting labor on government work by private contractors to eight hours a day has been ordered favorably reported from the Senate committee on education and labor. The bill already has passed the house. No amendments were offered by the Senate committee. The bill has been the object of serious attack by manufacturers and government contractors throughout the country.

Aycock's Funeral Sunday.

Birmingham, Ala., April 6.—The body of former Gov. C. B. Aycock of North Carolina, who dropped dead here while delivering an address to the Alabama Education Association, has been taken to Raleigh, where the funeral is to be held tomorrow.

Avalanche Kills Eight.

Innsbruck, Austria, April 6.—A party of eight professors and students from Laibach university, while making a tour in the mountains near here, were overwhelmed by an avalanche on the Hochstuhl and all were killed.

R. C. Richards of Geneva, the Lost Adjuster for the C. & N. W. road was a guest at the Nachusa House last night.

Miss Ada Baldwin, domestic science instructor in the Rockford public schools, spent Saturday and Sunday in Dixon with her parents, Prof. and Mrs. H. V. Baldwin.

TAFT CAMPAIGN ON THE VERGE OF COLLAPSE

Reactionary Leaders Now Admit He Could Not Be Elected if Nominated.

NEW YORK SUN TELLS TRUTH

In a Carefully Prepared Article This Representative of the Interests That Are Supporting Taft Frankly Declares That His Renomination Means Defeat in the November Election. The Secret Scheme Uncovered.

That President Taft cannot be elected if nominated is conceded by the New York Sun in a carefully prepared article published Sunday, March 31, and sent by the Sun for simultaneous publication in all the newspapers throughout the country which subscribe to the Sun's news service.

The undeniable importance of this statement by the Sun is due to the Sun's attitude of opposition to all progressives and to Theodore Roosevelt in particular, as well as to the recognition given it as a representative and spokesman of the great business interests which center in New York and of the political organization in New York which recently manipulated the fraudulent and farcical primaries held in the state.

It adds to the significance of the Sun's statement that its article, although ostensibly the result of careful investigation, was withheld until after the organization bosses had put through the fraudulent primary election of delegates, in which they carefully refrained from instructing a single one of the men they claim to have elected for Taft.

The investigation upon which the article is based had been completed and the article actually prepared before the primaries were held, showing apparently that at the time the New York bosses were engaged in stifling public sentiment in order to prevent the election of Roosevelt delegates there was what the Sun declares to be a general agreement among the reactionary political leaders that Mr. Taft's candidacy had become a virtual impossibility.

It is now apparent that the sole purpose of the machine bosses and the special privilege interests, to whom Mr. Taft is looking for a renomination, have abandoned all idea of supporting him and that their only purpose is to prevent the nomination of Roosevelt, so that a compromise candidate favorable to the special privilege interests and in harmony with machine bosses may be selected at Chicago.

Although still friendly to Taft, the Sun declares that the time has arrived when the possibility of electing a candidate has become a "subject for serious consideration on the part of Republicans who believe their party to be of vastly more importance than any man in it, no matter how exalted his station, and who place party loyalty above personal fealty. These Republicans declare that they will take any reasonable step which would seem to insure their party's victory at the polls in November next."

"The Republicans who expressed these views," the Sun says, "are believers in season and out of season in the policies of their party. Among this class of Republicans are merchants, importers, business men generally and professional men and the rank and file of small Republican shopkeepers and workingmen."

The Sun then says:

"Several months ago influential Republicans, some of them very close to President Taft, declared beneath their breath that the president if renominated could not be re-elected. While expressing this opinion they hadn't the remotest shadow of a doubt that the president, through the power of federal patronage, could force his own renomination."

Among the reasons given by the Sun why President Taft cannot be re-elected the Payne-Aldrich law is cited as of greatest importance. Respecting this the Sun says:

"The Republican national platform of 1908 called for an immediate extraordinary session of congress in the event of Taft's election to revise the tariff. In obedience to his party's platform President Taft called the extraordinary session of congress, which produced the Aldrich-Payne law, and the president's troubles and his party's complications have grown and become more entangled from the day he signed that law. That law gave the progressives substantial footing for their opposition to the Taft administration and afforded them grounds to go before the people on the question. In addition there have been a myriad other troublesome complications, all intended to weaken the president and to bring about bitter discord in the ranks of his party."

Robert Kimbro of Sterling was in Dixon today. Dr. Werren has had his automobile painted a pearl gray.

BIG DYKE BREAKS AT HICKMAN, KY.

EDITORIAL

On next Tuesday the Republican voters will be called upon to pick their candidates for nomination for the various county and state offices. At the very top of the ballot will be found the name, HUGH S. MAGILL. In the little square opposite his name, put your cross, and you may then know that as far as the senatorial question goes you will have done your duty as a citizen. You will have cast a vote for a senatorial candidate who is worthy, capable and qualified to represent this great state in the senate at Washington.

Hugh Magill, who is at present state senator, comes from Princeton, Ill. He is a teacher, and for seven years was principal of the township high schools of Princeton township. He is an educator, and an intelligent, upright, progressive, and above all, an honest man.

We have one senator in Washington from this state, who certainly is no credit to us. Let us do what we can to counterbalance the stigma, and put a fearless, intelligent, good citizen in there also. Let us put in a man who will fight, and fight to the finish for our rights. One whom we are certain will not hook up with any bribe taking, tax raising, crooked machine or organization.

Such a man is Hugh S. Magill.

Dixon people have heard him talk. You have had an opportunity to look him over. You know what he looks like, an honest, clear thinking American. Look up his record at Springfield. That is the best recommendation. There is not a spot on it. What other candidate for the U. S. senatorship can say as much. Not one of them.

The people of Illinois want to be represented by honest men, do they not? We want our Senator at Washington to be looked up to as a man to be respected, a fighter for good legislation and for the rights of the people, not as a graftor and a political cat's paw for the corporations and "big business" for the money that's in it.

This is not a paid article. It is not presented to you for the benefit of Senator Magill. It is presented to you for your benefit, for the benefit of all who may read it, and it is hoped that its feeble force may do enough good to be of some slight benefit to all Illinois, which it surely will if it succeeds in making the victory of Hugh S. Magill any more certain.

The Telegraph does not presume to tell its readers how they should vote. Its readers are not of the class that need to be told. We are simply stating facts as they are, and appeal to Dixon and Lee county to do their share and vote for clean, honest politicians.

You do this when you vote for Hugh S. Magill for United States senator. His name is first on the ballot.

It is for the good of the county, the state and the nation at large.

False Report Terrifies Cairo.

Cairo, Ill., April 6.—The backing of water from the Tenth street drainage pump here threw citizens into a panic and the report spread that the levee which holds the Ohio river out of Cairo had broken. The report proved untrue.

The rumor that the levee had broken rapidly and caused residents to go to the second story of their homes and the buildings they were in. Couriers went through the city reassuring the citizens that no break had occurred.

3,000 Homeless in Hickman.

Hickman, Ky., April 6.—A picture of utter desolation is presented by this flooded town. A tented city sheltered 3,000 refugees, while a waste of muddy water stretches out around the city.

Thieves are active in West Hickman. County authorities may ask for a company of militia to protect property.

STERLING BROS.' OPENING.

Sterling Bros.' pharmacy opening today was an auspicious one. The log cabin is covered with moss and verdure. The beautiful basket of fruit in the center of the fountain is most tempting. The entire store was gay with flowers today and each lady caller received one and the first thirty callers also received a generous sized sample of Richard Hudnut's violet toilet water.

Reelfoot Levee Gives Way—Flood's District 45 to 50 Miles Long.

HELPS THE SITUATION NORTH.

Dead Now Numbers Twenty—Property Loss Incalculable—Three Thousand Homeless in Kentucky Town.

Memphis, Tenn., April 6.—The big government levee west of Hickman, protecting the Reelfoot lake district of Kentucky and Tennessee, has given way.

The levee broke with a roar that could be heard for miles. Grave apprehension is felt for the safety of farmers in remote sections of the sparsely settled country. The water tore a gap sixty feet wide in the levee and the swirling current is fast eating away the earthwork and widening the breach.

The break in the levee will flood territory forty-five to fifty miles long and five to thirty miles wide but will relieve the situation at Cairo and New Madrid.

100,000 People Suffering.

St. Louis, April 6.—At least 100,000 persons along the Mississippi river and tributaries are suffering from the worst flood in the nation's history.

With additional tragedies recorded from the zone affected, the death list reached 20.

The water is rising everywhere except at upper points on tributaries.

Thousands are actually in danger of drowning through inability to escape from homes surrounded by water. At two Missouri towns, residents are reported clinging to tree tops and the roofs of their homes, waiting to be rescued.

The property loss is incalculable. The levees at Cairo proper still hold, although a report that the bank had let go early sent a thrill of horror throughout the nation. Fortunately, the alarm proved groundless.

The crest of the present flood wave in the Ohio is expected at Louisville tonight or tomorrow.

Flood warnings have been sent to all points along the lower river, and thousands of refugees are fleeing to the highlands.

Various estimates ranging as high as \$10,000,000 have been placed on the property damage.

Five Drown in Flood.

Memphis, Tenn., April 6.—Gasoline launches were sent out from Charlestown, Mo., to Bird's Mill and Wyatt to rescue residents of the two villages, who are reported clinging to house tops and in trees.

In answer to an appeal from Randolph, Tenn., a squad of militiamen left Memphis with tents and supplies for refugees.

William Lynn, wife and three children were drowned between Bird's Point and Wyatt, Mo. Lynn was a farmer and was overtaken with his family by the rising water.

Only a desperate fight can prevent the rising flood from breaking through the levee at Caruthersville, Mo. Should a breach occur, the loss of life and property would be great.

Caruthersville is full of refugees from the lowlands of Tennessee, where there is no levee protection. Houses are being washed away and all available steamers are searching the lowlands for sufferers. Several hundred have been brought in.

Swisher of this city this morning, and in uttering them he pathetically indicated a story that indicates to what extent time's toll empties the hearts of former days.

For "Jim" Holmes, at one time circuit clerk of this county and known all over the county as Captain, has been dead nearly two years. But his old friend and companion, as was his custom for many years, asked for him today, knowing at the time that "Jim" was dead.

In explanation, after the inquiry, Mr. Swisher, a veteran of the civil war, with one empty sleeve, explained that today is the 50th anniversary of the famous battle of Shiloh, in which he and the departed "Jim" had been pals, and that every year until last, he and his friend had celebrated the occasion by resting and reciting and re-living that memorable conflict of April 6, 1862.

SPECIAL GAS & GAS SERVICES

The spirit of Easter will be appropriately celebrated in all churches in Amboy tomorrow with sermons on the risen Christ and special music.

NIGHT ENGINE TAKEN OFF.

The night switch engine on the Central has been taken off and as a result the local freight crews are compelled to man up their own trains here. The result is all of the local freights are late in leaving the city.

SMALL FIRE THIS MORNING

The fire department was called to the residence of Mrs. Rogers, near the Burlington track on the west side at about 7 o'clock this morning, the occasion being a fire on the roof, caused by sparks. The blaze was extinguished before any serious damage resulted.

FUNERAL OF JAS. McMAHON.

The funeral of James McMahon, held today at 2 p.m. at St. Patrick's church, was largely attended by the friends of the deceased and an excellent sermon was delivered by Father Cutten. Because of this being Good Saturday it was impossible to hold mass. Burial was at Rockyford cemetery.

MANY OPPOSE IMPROVEMENTS.

At the public hearing yesterday on the proposed paving, macadam and sewer improvements, an exceptionally large number of objectors appeared and as a result it is probable the local board of improvements will discontinue their efforts to put the work through this year. Nearly every property owner along the proposed work objected.

Best for Breakfast

CREAM of Rye for the morning meal starts the day right. Tastes good—different from the oatmeal you are tired of—no soggy overplus of starch. Four times as nutritious as corn flakes and every spoonful a tasty, satisfying morsel.

Cream of Rye

"EAT IT FOR HEALTH"

Science warns against ready prepared foods full of dust and germs. Cream of Rye must be cooked, therefore is always wholesome. Gives strength without taxing the stomach—because made of whole rye, the natural starch is digested and full of the kind of nourishment that makes you feel good. Strengthens and vitalizes the entire digestive tract. Fine for breakfast—also makes the best cookies, muffins and bread. Children relish it. Ask for Cream of Rye at your grocers.

OSTEOPATHY

OPEN MISJUDGED.

Osteopathy is often misjudged. Usually the fault lies either with the patient or the osteopath, not with osteopathy.

You may have heard some person say, "Osteopathy did not help me," but did you ever take the trouble to find out why this was true? Many persons do not take sufficient treatment.

Sometimes a person takes treatment for a week, possibly for a month and expects to be cured immediately of a chronic trouble which he has had for years. If it fails to perform a miracle for him he goes about industriously telling his friends.

Is this fair either to the friends or to the osteopath?

Probably he has been taking medicine for months or years before consulting an osteopath. After taking two or three doses of a prescription and finding that it failed to cure him did he stop taking it and assure his friends that medicine was a failure? Does he refuse to take any more and persuade them not to take any more? No, he does not. He gives the doctor and the medicine a good trial, in some cases even for years. Then he goes to another and sometimes to a dozen different physicians. He has not lost faith in medicine, he simply thinks that the doctors have not found the right thing.

Possibly after the disease has become chronic he decides to try osteopathy, expecting the osteopath to cure him within a week or a month. This is not fair to himself, his friends or to the osteopath.

Again a patient may have given an osteopath physician a fair trial and he has failed, but some other osteopath may be able to cure the case.

All that osteopathy asks is to be treated as fairly as any other system of healing and the result will convince you.

Osteopathy does not claim to cure every case of every disease, neither does anything do so. Some of them are beyond help. It has cured many cases which other schools of healing have claimed to be incurable.

The pictures this evening will be, Willie's Sister, and Marriage or Death.

OPERA HOUSE.

The Dashing Widow, with that funny man, Jas. F. Green, and the beautiful and charming little musical actress, Marie Fountain, who plays the title role in the above play. Miss Fountain is considered by critics to be the best dressed actress on the American stage. Her gowns are models of the dressmaking art, being designed by the celebrated Worth of Paris. And she will sing and dance her way into the hearts of Dixon theatre goers Monday, April 8, at the opera house. Miss Fountain is young and has risen rapidly in her chosen profession until she is now a great favorite from coast to coast. Sparkling and scintillating like a sun beam, her audience watches every graceful movement—she smiles, she laughs, they laugh; she sings, they hang upon every word, and when the last note dies away they are as she leaves them, in smiles or tears. The entire company supporting Miss Fountain is a galaxy of stars radiating around her as the central orb. Would there were more Marie Fountains in this dreary old world—more lights and brilliancy and happiness.

All that osteopathy asks is to be treated as fairly as any other system of healing and the result will convince you.

Osteopathy does not claim to cure every case of every disease, neither does anything do so. Some of them are beyond help. It has cured many cases which other schools of healing have claimed to be incurable.

PRINCESS THEATRE

On Tuesday evening, April 9, the Princess will show one of the most interesting pictures ever shown in the city, entitled, War on the Plains, in two reels. It is a stirring story of the days of the early west.

The authorities in the film business have the following to say of the picture:

It is the greatest picture ever produced and is a revelation in magnificence and a revelation in film production.

The large cast; the herd of cattle; the drove of horses; the inspiring grandeur of the scenic background; the marvelous photography and perfect dramatic rendition combine to make this film a masterpiece.

Sixty big scenes including the marvelously staged battle; the running fight between the courier and savages; the spectacular fire scene as the Indian village is destroyed; the death of the coward after a rattlesnake sinks its fangs into his arms; the scenes of carnage as the settlers and emigrants ambush the Redskins and pour volley after volley into their ranks.

DISFIGURED WITH SCALES AND CRUSTS

Eczema from Top of Head to Waist. Suffered Untold Agony and Pain. Doctors Said It Could Not Be Cured. Set of Cuticura Remedies Successful When All Else Had Failed.

"Some time ago I was taken with eczema from the top of my head to my waist. It left with scales on my body. I suffered untold itching and burning, and could not sleep. I was greatly disfigured with scales and crusts. My ears looked as if they had been most cut off with a razor, and my neck was perfectly raw. I suffered untold agony and pain. I tried two doctors who said I had eczema in its fullest stage, and that it could not be cured. I then tried other remedies to no avail. At last, I tried a set of the Cuticura Remedies, which cured me. Cuticura Remedies cured me of eczema when all else had failed; therefore I cannot praise them too highly."

"I suffered with eczema about ten months, but am now entirely cured, and I believe Cuticura Remedies are the best skin cure there is." (Signed) Miss Matie J. Shaffer, F. D. I., Box 8, Danby, Miss., Oct. 27, 1910.

"I have suffered from eczema about four years, when blisters began to break out on different parts of my body. It started with a fine red rash. My back was affected first, when it also spread over my face. The itching was almost unbearable at times. I tried different soap and salves, but nothing seemed to help me until I began to use the Cuticura Soap and Ointment. One box of them cured me entirely. I recommended them to my sister for her baby who was troubled with tooth eczema, and they completely cured her baby." (Signed) Mrs. F. L. Marberger, Dresherville, Pa., Sept. 6, 1910.

Although Cuticura Soap and Cuticura Ointment are sold by druggists and dealers in several sizes, a special sample box, with 32-page booklet on the skin and hair, will be sent, post-free, on application to Porter Drug & Chem. Corp., Dept. 4B, Boston.

PROGRESSIVE REPUBLICAN

STANDARD BEARERS

"The voters of Illinois have the greatest opportunity since the war to select the right men for Governor and United States Senator in Jones and Magill."—Joliet News.

The Progressive Fight Is On In Illinois.

It is a contest to return to the people the power to govern themselves as was intended by the fathers of the republic.

The leaders of the progressive cause in Illinois are Jones and Magill, candidates within the Republican party for Governor and United States Senator.

They propose with Roosevelt that the initiative, referendum and recall, direct election of United States Senators, direct primaries, Government control of corporations, scientific revision of the tariff in favor of the people, and the conservation of natural resources, be applied as remedies for the existing evils and stand for constructive legislation in dealing with the trust problem and other questions.

The People's Chance.

The primaries next Tuesday will be the first real opportunity the people of Illinois have been given to go on record against special privileges and corruption, and to place their stamp of approval upon the constructive policies outlined by the progressives in the Republican party. They can take advantage of this by voting for the progressive candidates, Walter Clyde Jones, whose name appears sixth in the list under the head of Governor, and Hugh S. Magill, for United States Senator, whose name is at the top of the ballot.

The selection of Walter Clyde Jones for Governor will mean an earnest champion of the people's rights at Springfield.

Senator Magill, if elected United States Senator, will be one more fighting man at Washington for those policies for the protection of the people's interests, advocated by Roosevelt, and an opponent of the Aldrich-Cannon-Penrose combination in Congress.

VOTE FOR LEN. SMALL

THE KANKAKEE FARMER CANDIDATE FOR THE REPUBLICAN NOMINATION FOR GOVERNOR

Primary Election Tuesday, April 9, 1912.

Len. Small of Kankakee, the downstate candidate for the Republican nomination for governor.

He is a candidate against seven lawyers and is better qualified to represent the agricultural and business interests of the state than any other candidate for the nomination for governor. Other states have elected farmers and business men for governor whose administrations have proven unequalled success.

Illinois needs less oratory and more business in the governor's office. Our state expenses have practically doubled in the past eight years under a states attorney governor. Why not try a business administration for the next four years and save the people from the great burden of increased taxation.

Len. Small is a self-made man accustomed to hard work. He has lived all his life on the farm and knows the needs of the man who toils. He is a man of the common people and stands for the workingman's interests and welfare. He is broad minded, liberal and fair and a man whom all the people can trust.

Every farmer knows that the primary election was set by the states attorney governor to come at the busiest season of the year and the rush of farm work keeps many from the polls. Will not every farmer make a sacrifice of a part of the day April 9 to go to the polls and vote for the farmer candidate from Kankakee county?

Len. Small has always gone to the Republican party for endorsement and has never been defeated by the people at the polls.

A vote for Len. Small is a vote for a winner, because he will carry Cook county by the largest vote given any candidate on the Republican ticket and will poll more votes down state than any other man.

MAGILL STRONG IN THE SOUTH. The audience of 125 people assembled in the southern part of the state, which has generally been supposed to be the stronghold of the Sherman forces in the contest for U. S. senator, are encouraging to Senator Hugh S. Magill, Sherman's progressive rival. The Clinton Republic is authority for the statement that Magill will carry DeWitt county, which it was thought would go for Sherman, and in connection with an account of a recent visit of Mr. Sherman's the Republic says:

"Mr. Sherman has some friends in DeWitt county, but of those who heard him speak Monday evening, it can be said generally he did not make a good impression. Shelby M. Cullom has a few friends in the county, but it is believed Hugh S. Magill is the favorite of the three candidates running."

"Sherman has been a continuous office holder from the time he was county judge over in McDonough county. For a number of years he represented the county in the lower house of the legislature, and has been speaker. In 1904 he was a candidate for governor and entered the Yates combine to give Deneen the governorship, he getting the office of lieutenant governor for the delivery of the votes of his district. He then moved to Springfield where he made the race for mayor of the capital city being defeated after a fierce battle. He is now serving the state as president of the state charitable institutions board. This office he holds, having been appointed by Governor Deenne."

ILLINOIS NEWS NOTES.

Freeport: The city council when granting the saloon licenses, refused the application of Steve Daries. Forty-six licenses were granted.

Morrison: Free mail delivery in this city will not commence until June 1, instead of May 1, as was formerly announced. Failure to arrive at satisfactory rental terms is the reason.

Kingston: Delos Jones, a young framer, was killed by a stray bullet while driving from Kingston to Genoa. No information as to who was hunting in the vicinity has yet been found.

Rockford: Fred Wheeler of Guilford township, has been arrested on the charge of murdering his wife on Friday night, March 29. It is charged by the state that he poisoned his wife so that he might join an "affair."

DeKalb: The Bell Telephone company has purchased the local evening paper on the same evening it is printed, one that contains the news of the world and your own city while it is news, can be readily appreciated.

Elgin: Charles Sheshire, a tramp printer, attempted suicide by the poison route. He is now out of danger but refuses to discuss his case with anyone.

Rockford: This city, as a result of the recent election, will be dry territory on and after May 1, and the council will pass an ordinance forbidding the sale of intoxicants of any kind in the drug stores.

TAX EQUALIZATION.

The tax payers of the 13th congressional district are called upon this year to select a member of the State Board of Equalization of taxes.

Our present efficient member, Edmund Jackson, is a candidate for renomination at the primary next Tuesday.

This is not an office to be peddled about from man to man or from county to county, but is an important one requiring skillful service as it affects the welfare of every tax payer. It is a well known fact that no officer is as competent and worth as much to his constituents the first term as afterwards. The people have paid for educating Mr. Jackson during his first term when he was of less value to them than now and they are entitled to his now more valuable services. It costs no more to retain this skilled and faithful official than to have a new and untried man. Business men, farmers and all other employers try to secure and retain from year to year, experienced men. Voters should pursue the same course in this matter as they do in their private affairs.

Mr. Jackson's ability has been recognized by appointment on the two committees of the Board of most importance to this district, the Lands and the Railroad committees. He is also the only member of the board that has ever been appointed to represent the state of Illinois at a National Tax Conference. He attended this conference at Toronto, Canada, at his own expense to inform himself of the various opinions of delegates from other states and provinces, the better to fit himself for the discharge of his important duties. There should be no question as to his selection to again fill this important position in the interests of the whole district.

SEQUEL TO KAUFMAN CASE

Widower and Parents Sue Saloon Men Who Sold Bandits Liquor.

Chicago, April 6.—Six suits, in which damages aggregating \$175,000 are asked, have been filed in the circuit court under the Illinois dram shop statute. They are the direct outcome of the Kaufman murder, the complainants being the children of Mrs. Hattie Kaufman, who was killed, and the relatives of the four young men who were convicted of her murder. The defendants in the actions are the owners of saloons in which the slayers are said to have been served liquor on December 2, the night of the murder, and the owners of the real estate upon which the saloon buildings are situated, they also being liable under the dramshop act.

The carrier boys will receive collections, and you may pay by week, month, quarter or year. By the week or month the rate is straight ten cents a week. By the year it is \$5.

Strong Healthy Women

If a woman is strong and healthy in a womanly way, motherhood means to her but little suffering. The trouble lies in the fact that the many women suffer from weakness and disease of the distinctly feminine organism and are unfitted for motherhood. This can be remedied.

Dr. Pierce's Favorite Prescription

Cures the weaknesses and disorders of women. It acts directly on the delicate and important organs concerned in motherhood, making them healthy, strong, vigorous, virile and elastic.

"Favorite Prescription" banishes the indispositions of the period of expectancy and makes baby's advent easy and almost painless. It quickens and vitalizes the feminine organs, and insures a healthy and robust baby. Thousands of women have testified to its marvelous merits.

It Makes Weak Women Strong. It Makes Sick Women Well. Honest druggists do not offer substitutes, and urge them upon you as "just as good." Accept no secret nostrum in place of this *non-secret* remedy. It contains not a drop of alcohol and not a grain of habit-forming or injurious drugs. Is a pure glyceric extract of healing, native American roots.

JOHN P. DREW FOR REPRESENTATIVE

POPULAR DEMOCRATIC CANDIDATE GETS BIG SUPPORT — EDITORIALS IN DIXON CITIZEN AND TAMPA TORNADO ARE VERY FAVORABLE.

(Dixon Citizen.)

The candidacy of John P. Drew of Palmyra, Lee county, is daily gaining strength of a substantial and permanent nature. Through the presentation of his claims to the voters of the district in a spirit of kindness for his rival, he has made friends everywhere. Even those few met by him who might be inclined to vote otherwise have expressed the highest admiration for his kindly qualities.

So far as Mr. Drew is concerned, the number of candidates in the field does not disturb him. He is one who believe in giving the voters a chance to select from any number of candidates rather than by the old way of selection by a few self-constituted bosses, or but one candidate in the running. He is opposed to boss rule and one man rule and the selection of one man by the bosses. The one man rule has been rejected by the people long ago. The object of primaries is to have a chance to select from several candidates.

DeKalb, Whiteside and Lee Counties

Something has been said about his signing the petition of his opponent. Mr. Drew's extreme courtesy and fairness could be exhibited no better than by his signing the petition of one of his opponents and upon the request of W. V. E. Steel, who circulated the same. At the time he signed it he also made the statement that he might become a candidate himself. His signing was made to help get his opponent's name upon the ballot with least possible trouble. Moreover, the law expressly permits a man to sign as many petitions within his own party as he sees fit.

A broad minded, generous man like John P. Drew cannot help but meet with success and as the campaign advances it is no wonder that every indication points toward his nomination and election. Mr. Drew believes that any democrat desiring to become a candidate in the primary should be accorded that opportunity by the courtesy of his fellow democrats signing in sufficient numbers to make it possible and easy to become a candidate.

While a democrat or party man might legitimately claim united party support after a nomination, no man can justly claim the right to monopolize the primary ballot with his single name, making it a one-man affair and thus nullifying the spirit and letter thereof, the very thing we so vigorously condemn in other political parties. If John P. Drew is nominated, he fears no danger from any independent candidate.

(Tampico Tornado)

We all recognize in the present day the successful farmer must be a close student and good business man. Also one who studies the proper methods of rotation of crops and the different ingredients of the soil in planting time.

Mr. Drew has made a careful study in this line of farming and today his advice is often sought by his friends and neighbors, especially the young men as to the best methods of farming and by his kindly method of giving same has merited the good will of all who know him. He has always been a progressive farmer and by his progressive methods has today one of the finest equipped farms in Lee county.

Mr. Drew has always been a strong democrat and since he cast his first ballot has spent both time and money to further the interests of democracy.

His personal popularity can best be attested by the fact that one year ago he was unanimously elected to the office of supervisor of Palmyra township, which is one of the strongest republican townships in Lee county.

He is a heavy tax payer and while a member of the board of supervisors has always employed the same method of strict economy in the expenditure of the people's money as he does in his private business.

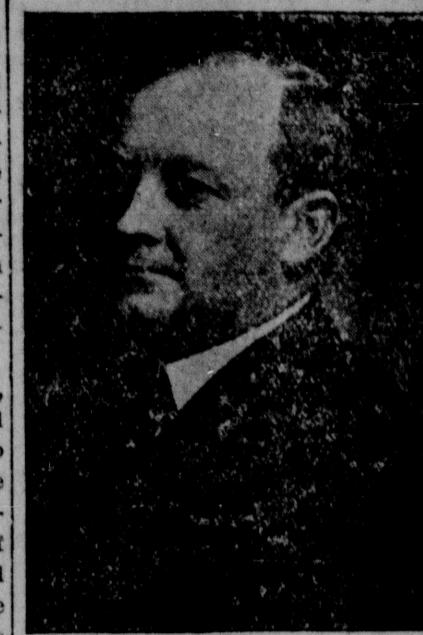

Mr. Drew promises that if nominated and elected he will carefully guard the interests of the tax payers of the state.

He is opposed to the expenditure of \$20,000,000 of the people's money in useless deep waterways, believing his money can better be used for the benefit of the people in other ways.

We sincerely commend Mr. Drew to the democratic voters of this district and by casting your vote for him at the primaries on April 9th

you will help to nominate a man who will bring honor to his party and also to the district he desires to represent.

H. L. HEER,
Attorney at Law,
Republican Candidate for
Congressman-at-Large.

Harry L. Heer of Galena, candidate for the republican nomination for the office of Congressman-at-large, was born in Galena on January 22, 1873.

His education was received in the schools of Jo Daviess county and in the Dixon College at Dixon, Ill., and upon leaving college he entered the profession of teacher in the public schools of his native county. After teaching for four years he was appointed Deputy Clerk of the Circuit Court of Jo Daviess County in 1896 and held this position for four years. Following this he studied law and was admitted to the bar in 1903. In 1903 he served as a member of the Board of Review of his county. In 1904, Mr. Heer received the republican nomination for the office of Circuit Clerk and was elected by a majority of over seventeen hundred, running ahead of Theodore Roosevelt, who was the candidate for the presidency and who received a tremendous majority everywhere.

Mr. Heer has always been active in the ranks of the republican party and is at present secretary of the county central committee of Jo Daviess county. He has taken an active part in the civic and industrial life of his city and county and is possessed of the respect and confidence of those who have known him from his boyhood days. He has been a student of public affairs all his life and is in every way qualified to represent this state in the halls of congress.

Mr. Heer's official record has been an excellent one, and he is highly regarded not alone in this county and congressional district, but throughout a considerable part of the state.

He has been active in political matters for many years, is in close touch with the issues before the people and is well qualified to discharge the duties of the office to which he aspires.

He is a progressive at heart and much interested in all measures that make for the betterment of things politically and otherwise. His friends throughout this section all work zealously to advance his interests and hope for his success at the primaries.

NO CASCARET USER EVER HAS HEADACHE

A 10-Cent Box Will Keep Your Liver
Stomach and Bowels Clean, Pure
and Fresh for Months.

Sick headache, biliousness, dizziness, coated tongue, foul taste and foul breath—always tracing them to torpid liver, delayed fermenting food in the bowels or sour, gassy stomach.

Poisonous matter clogged in the intestines, instead of being cast out of the system is re-absorbed into the blood. When this poison reaches the delicate brain tissue it causes congestion and that dull, throbbing sickening headache.

Salts, cathartic pills, oil and purgative waters force a passageway for a day or two—yes—but they don't take the poisons out and have no effect upon the liver or stomach.

Cascarets immediately cleanse and regulate the stomach, remove the sour, undigested and fermenting food and foul gases, take the excess of the system all the decomposed waste from the liver and carry out of matter an dipoisons in the intestines and bowels.

A Cascaret tonight will surely straighten you out by morning. They work while you sleep—a 10-cent box from your druggist means inside cleanliness and a clear head for months. Ask any of the millions of Cascaret users if they ever have headache.

We sincerely commend Mr. Drew to the democratic voters of this district and by casting your vote for him at the primaries on April 9th

ROYCROFT PHILOSOPHY.

By Fra. Elberta
It does not make much difference what a person studies—all knowledge is related, and the man who studies anything if he keeps at it will become learned.

Work is for the worker.
Cultivate poise.

A pedigree may be a matter of pride, but it is not consoling to ambition.

Abstinence is not enough, you must make life positive—do something.

Secure freedom by holding fast to the truth that there is no evil but fear and that the Reality (God) is on your side.

Men who are well traduced and hotly denounced are usually pretty good quality. No better encomium is needed than the detraction of some people. And men who are well hated also have friends who love them well thus does law of compensation ever live.

It is a great and beautiful thing to be patient if wrongfully accused; to be so strongly girded round with right that you can meet slander by silence, and calumny with smile.

Art is the expression of man's joy in his work. You must let the man work with hand and brain, and then out of the joy of this marriage beauty will be born. And this beauty mirrors the best in the soul of man—it shows the spirit of God runs through him.

Art is beauty, and beauty is gratification; a peace and a solace to every normal man and woman.

There is known to me a prominent business house that by the very force of its directness and worth has incurred the enmity of many rivals. In fact, there is a very general conspiracy on hand to put the institution down and out.

In talking with a young man employed by this house, he yawned and said: "Oh, in this quarrel I am neutral."

"But you get your bread and butter from this firm, and in a matter where the very life of the institution is concerned, I do not see how you can be neutral."

And he changed the subject. I think if I enlisted in the Japanese army I would not be a neutral. Business is a fight—a continual struggle. Just as life is. Man has reached his present degree of development through struggle. Struggle began purely physical; as man evolved it shifted around to the mental,

in the bank is the thing that gives men the courage to go ahead and win the business battles that confront them.

psychic, and the spiritual, with some one goes along to show him few dashes of the cave-man proclivities still left. But depend upon it, the struggle will always be—life is activity. And when it gets to be a struggle in well-doing, it will be a real struggle. When inertia gets the better of you it is time to telephone to the undertaker. The only neutral in this life is a dead one.

The world bestows its big prizes, both in money and honors for but one thing. And that is Initiative. What is Initiative? I'll tell you. It is doing the right thing without being told. But next to doing the thing without being told is to do it when you are told once. That is to say, carry the message to Garcia; those who can carry a message get high honors, but their pay is not always in proportion. Next, there are those who never do a thing until they are told twice; such get no honors and small pay. Next, there are those who do the right thing only when necessity kicks them from behind, and these get indifference instead of honors, and a pittance for pay. This kind spends most of its time polishing a bench with a hard-luck story. Then, still lower down in the scale than this, we have the fellow who will not do the right thing even when they make them.

Mr. and Mrs. J. C. Leake, who have been spending the winter in California, will leave for Dixon tomorrow. They will make several stops enroute, arriving here about the middle of the month.

Believing that it is time to take a step forward, the Montreal Local Council of Women have arranged a public meeting for the formation of a suffrage association, when definite plans for educational work will be decided upon.

MARK THE SQUARE FOR LEE'S CANDIDATE

W. G. KENT OF THIS CITY DESERVING OF EVERY VOTE IN THE COUNTY.

IS BY FAR THE BEST MAN

Judge Kent Not Only Best Qualified Man for the Place But Lee County Has Allowed Office to Rest in Whiteside for 20 Years—Kent's Name Second Under the Heading "Member of Board of Equalization."

W. G. Kent, candidate for member of the State Board of Equalization, is one man running for office at the April primaries that no Lee

county voter can afford to overlook when marking his ticket. This office is of great importance, the state board having the last say in the regulation of all matters of taxation and thus touching directly the pocket book of every voter. The old Board of Equalization has conducted itself in such a manner as to call out a great deal of criticism, so much so that several candidates for governor are conducting their campaign on a platform calling for its abolition. Certain it is that there needs to be new blood on the board so that the abuses that are supposed to exist may be brought to light and corrected. Mr. Kent is a Lee county citizen

JOHN P. DEVINE Democratic Candidate For Representative in General Assembly

He is qualified for the position and if placed in it he will be a leader—not a follower—Dixon Weekly Citizen.

In every way Mr. Devine is thoroughly equipped to fill the office. If elected he will reflect honor and lustre on the district.—Fulton Journal.

I solicit your support at the primaries on April 9, 1912.

JOHN P. DEVINE.

TO THE REPUBLICANS OF ILLINOIS:

So many misrepresentations have been published concerning President Taft and his campaign for renomination that I beg to present to you some *obvious facts* regarding the *actual political conditions* throughout the country.

The renomination of President Taft is certain. He now has more than half the number of delegates required to nominate.

These delegates either instructed or pledged to the President, fully half of whom were elected under primary laws provided by the states, have been selected in New York, Iowa, Indiana, Michigan, Missouri, Colorado, New Mexico and the Southern States.

The President is sure to carry Pennsylvania, New Jersey, the New England States, Ohio, the Mountain States, and the Pacific Coast States.

He will have a majority of the delegates from Minnesota, South Dakota, Iowa, West Virginia, Kansas and Nebraska.

These states will give him many more than enough votes to nominate him on the first ballot in the national convention.

In view of this fact, continued opposition to the renomination of the President is only giving aid and comfort to the common enemy of all Republicans—the Democrats.

President Taft is the only Republican who can carry New York, New Jersey, New England and the so-called doubtful states in November.

Col. Roosevelt was defeated in the New York primaries this year by a popular vote of three to one, resulting in the selection of 83 delegates to the national convention for Taft to 7 for Roosevelt.

Col. Roosevelt lost New York in 1910, but the Republican party won back the state legislature without his leadership in 1911.

The injection of his personality into the campaign in Massachusetts, Connecticut, New York, and Indiana in 1910 resulted in the loss of all these states, indicating that he cannot hope to carry them under any circumstances this year.

The American people are opposed to a third term for any President. This issue was raised against Grant in 1880, was the issue of the campaign of 1874 and the Republicans lost every state election that year from Massachusetts to the Mississippi River. It cost the Republicans 440,000 votes in the seven northern states alone.

One-half the Republican members of the electoral college will be chosen in New England, New Jersey, New York and Pennsylvania, all of which oppose a third term for any President.

The administration of President Taft is marked by practical progressive achievements and reforms.

The Republicans of the country in the National convention will endorse the record of the Taft administration.

It act otherwise is to repudiate the platform of 1908, which has been faithfully carried out by President Taft.

No party can apologize and win.

The Taft administration has been endorsed by every Republican convention since 1908 and by none was it indorsed more strongly than by the Republican convention of New York in 1910 at Saratoga, which was dominated completely by Theodore Roosevelt.

The achievements of President Taft's administration, as they affect the welfare of the whole people, far overshadow any act which may have met either with individual disapproval or the disapproval of some class or section.

This fact is strikingly proved by the recent results of primaries and caucuses in agricultural Iowa, where six congressional districts whose representatives in Congress voted against Canadian reciprocity have either selected delegates instructed for renomination of the President or pledged their support.

The farmers of these districts did not forget the splendid record of President Taft on the peace treaties, scientific revision of the tariff, conservation and other things wherein he conscientiously acted for the good of the greatest number of his countrymen.

As to Canadian reciprocity, President Taft and Colonel Roosevelt are in the same boat. Colonel Roosevelt endorsed it in four speeches.

Theodore Roosevelt, at the end of his first term as President, demanded an endorsement in the shape of a renomination.

President Taft is entitled to the same **SQUARE DEAL**.

REPUBLICANS of Illinois: The issue is not one of expediency or of personality.

But: shall the administration of President Taft, which is the record of the Republican party, be endorsed?

ILLINOIS HEADQUARTERS, NATIONAL TAFT BUREAU

TWO YEARS GOOD SERVICE SHOULD MEAN TWO MORE

When Andrew Russel was state treasurer from 1908 to 1910 he devoted his time unreservedly to the duties of that office. He realized to the full the responsibility of his position and the result was evidenced by the great increase in the net profits to the state from his office.

He turned into the state treasury almost \$100,000 as interest on state funds and over \$2,000,000 inheritance tax.

Mr. Russel established civil service in his office and made efficiency the one standard. For 38 years he has been an Illinois banker and he is certainly qualified by experience and training for the post he is seeking. A loyal Republican he has been fighting the battles of his party for years and he is staunch in the faith.

End of Strike in Sight—King and Queen Aid Liberally in Relieving Distress.

London, April 6.—More than 50,000 coal miners have returned to work and it is believed that the end of the strike is in sight.

It is feared now that if the strike continues the funds of the Miners' Federation will be exhausted and the union will disintegrate as a result.

Hundreds of thousands of people who are accustomed to spending the Easter holidays at Seaside and country resorts are remaining in the cities this year owing to the crippled train service throughout the kingdom.

The king and queen and practically every member of the nobility are contributing liberally to the relief of distress among the millions out of work.

JOHN E. WAYMAN

Why We Ask You to Vote for JOHN WAYMAN FOR GOVERNOR

We ask you to vote for JOHN WAYMAN because he stands for common decency and common honesty in politics as well as in everything else.

We ask you to work and vote for him because he is

not allied, and never has been, with any political machine on earth. He depends entirely on his clean fighting record in the service of Cook County to win your approval and support. He knows no boss but Justice, recognizes no political code but the square deal and the best interest of all the people.

We ask you to work and vote for JOHN WAYMAN because he is

cause he is a clean, straight man's man, through and through, a man who does things, a fighter who goes clear through to the end in spite of all obstacles and no matter what powerful influences may be brought to bear to induce him to stop. The rich and the poor all look alike to JOHN WAYMAN.

We ask you to work and vote for him because he has

fought tooth and nail against crime, official graft, jury fixing and legislative bribing every hour since the day he swore faithfully and loyally to serve the people of Cook County.

We ask you to work and vote for him because of his

extraordinary record as State's Attorney—a record that has never been equaled in Cook County—a record that shows more convictions of criminals, fewer appealed cases sent back by the Supreme Court for retrial and fewer indictments quashed, than any of his predecessors in that office.

We ask you to work and vote for JOHN WAYMAN because of the splendid fight he waged against the brutal slingers hired to kill union workmen, because of his bold and brilliant prosecution of graft in the Chicago Police Department, and because of his relentless fight to convict the men responsible for the shameless bribery and corruption in the State Legislature.

And we also ask you as Republicans to vote for JOHN

WAYMAN because he will, if nominated, add strength to the Republican ticket in every County in the State. He is the one candidate for Governor who can materially assist in rolling up a big Republican majority at the polls next November. When he was elected State's Attorney he carried Cook County by a plurality of over 55,000; and he is today immensely stronger than he was then because the people have found out in the last three years that he "delivers the goods" even better than he promised.

JOHN WAYMAN was the first State's Attorney ever

nominated in Cook County by a direct primary. He was the direct choice of THE PEOPLE and he won without a particle of help from any machine, or any faction, or any political boss.

Illinois needs a change and needs it bad. Every decent citizen in the State is sick and tired of the brand of politics that has been forced upon us in recent years, and every decent citizen wants to see less politics and more statesmanship in the conduct of the business of this State.

In the name of common decency and common hon-

esty, in the name of clean politics and good government, we ask you to vote at the primaries on April 9th for JOHN WAYMAN FOR GOVERNOR.

Many have asked Dr. Piper how it is that he can cure chronic diseases that the general physician does not. The general answer is: "Dr. Piper devotes all of his time to his given specialty. He does nothing but office work." Instead of having one office with a practice limited to a radius of a few miles, he has a number of offices, and his practice covers hundreds of miles

WORKERS HURRIED TO CAIRO

Men Leave for City to Aid in Controlling the Mississippi Floods—Women in Duquoin Until After Danger Passes.

Duquoin, April 6.—In response to the appeal issued from Cairo urging men to go to that city to aid in controlling the Mississippi floods, 200 men left. A special train made up of men from throughout this section of southern Illinois to the number of several hundred passed through here bound for the flooded districts. A number of women have arrived here to remain until after the danger is passed.

St. Charles in Flood Peril. St. Charles, April 6.—The city of St. Charles, on the Fox river, near Aurora, is in a state of excitement and is stricken with fear of a flood. The dam at St. Charles went out, an ice gorge formed and the Fox river rose four feet in barely more than as many minutes. Lower parts of the city are threatened and every possible action is being taken to keep the waters of the river within its banks. There is a general fear that the low sections of the city, around West First street, will be inundated, as the stream is still rising. Just below the city a huge ice jam has formed and dynamite is to be used to break it up. This action, it is believed, will keep the river within its banks.

Drag River for Woman's Body. Chicago, April 6.—Men in motor boats are searching the Desplaines river for the body of Miss Sarah B. Gardner, the Austin school-teacher who disappeared from her home, 5908 Midway park, leaving in her desk a note saying that she had "decided to end it all by means of the river." Miss Gardner, who was fifty-five years old, had taught in the Chicago and Austin public schools for the last twenty years. Two years ago she suffered a nervous breakdown and despair of ever regaining her health is believed to have driven her to commit suicide.

To Indict Three in Rock Island Riot. Rock Island, April 6.—Charles E. Sturtz, state's attorney of Henry county, has been engaged to draft the indictments that are to be returned by the special Rock Island county grand jury that is to fix the responsibility for the riot that resulted in the killing of two men and the injuring of nine others during an attack by a mob on police headquarters. Sturtz arrived in the city and began the preparation of the indictments. At least three persons will be held by the jury.

"Wets" Will Contest Election. Freeport, April 6.—The "wets" of Winslow are preparing to contest the election, at which the town was voted "dry" by a majority of four votes. It is alleged the official notices of the election were improperly worded. "Shall this town become local option territory?" said the notices, which should have read, it is said: "Shall this town become anti-saloon territory?"

Risks Life for Glass of Beer. Moline, April 6.—Declaring that he would save five cents for beer by "beating his way" from East Moline to this city, Joe Sturz attempted to board a moving freight train. He missed his hold and was injured, probably fatally. The man has been working for a construction concern in East Moline, but his home is in Peoria.

Cleveland Office-Holder Dies. Quincy, April 6.—Thomas J. Heirs died here, aged seventy-three. He was former chief of the Quincy fire department and later city clerk and police magistrate. During Cleveland's administration he was an official in the United States treasury department at Washington. His son J. W. Heirs, is a printer in St. Louis.

Sues Magazine for \$25,000. Waukegan, April 6.—Samuel F. Knox of Highland Park, a Chicago attorney, has filed suit in the circuit court to recover \$25,000 which he alleges he paid to the Morrison Publishing company of Chicago to help keep Morrison's Weekly alive. He charges facts were misrepresented to him.

Insane Man Drowns in Swim. Kankakee, April 6.—Oliver Brazell, an insane patient, sent from Chicago in 1907, was drowned while trying to escape from the asylum. He plunged into the Kankakee river and swam two-thirds of the way across before he sank. Attendants were pursuing him.

Seized as Poisoner of Wife. Rockford, April 6.—Fred Wheeler was arrested and held to the grand jury without bail for the alleged murder of his wife. It is charged he poisoned the woman because of an affinity and for \$1,500 life insurance.

Centralian Killed by Train. Centralia, April 6.—Marion Mulvaney, twenty-four, son of Mr. and Mrs. Jesse Mulvaney, was killed while crossing the Baltimore & Ohio railroad tracks in Iuka, northeast of Centralia.
